I, **Amal Mathew**, apply for a change of study location from online to campus.

I will transfer the **Campus Registration Fee of €1.500** to the bank account of IU to proceed with the process.

If, and only if, IU finally agrees to the request to come on campus and if the conditions for the effectiveness of the contract (regulated in the terms and condition below) are fulfilled, in particular the granting of the visa, the new terms and conditions in the attachment will be valid and replace the original tuition contract for Online Studies.

I am aware that my study place and my tuition contract with IU is only valid if I acquire a valid visa to study in Germany for the whole period of being a student at IU. If the visa will not be extended during my studies at IU, the tuition contract between IU and me will be invalid. Prerequisite for the fulfilment of the university entrance qualification at the IU, is that the student fulfils the admission requirements in accordance with the university law in its current version, applicable to the domicile of the university, and the study and examination regulations of IU.

I am also aware that the latest day for enrolment is on **the 10th of October 2024**. If I arrive later than that day my tuition contract with the IU will be invalid due to a lack of classes that I would have already missed by then. Attendance in the in-person lectures is mandatory for students entering Germany with a visa for study purposes. An internal attendance list is kept for monitoring this.

Refund Conditions

If the applicant has fulfilled all requirements for obtaining the visa and the visa is still rejected by the responsible authority, the fees paid until then minus a processing fee of € 500 will be refunded. In the case of such a visa rejection, the student must present the letter of rejection to IU to claim the refund.

With this Confirmation letter, the contract takes effect as of today. By paying the Campus Registration Fee, I acknowledge the fee structure, procedure, & refund conditions.
